## Software Developer

rruchika349@gmail.com • 8527753759

Greater Noida • LinkedIn • Github

Skilled Software Developer with 2+ years in web and application development, eager to leverage full-stack capabilities in solving complex issues and crafting superior solutions. Pursuing a Full Stack Developer role to deploy comprehensive skills in design, development, and optimization for impactful projects.

### Education

#### B.E Computer Science Engineering

Sant Longowal Institute of Engineering and Technology | Punjab

#### Diploma in Electronics and Communication Eng.

Meera Bai Institute of Engineering and Technology | Delhi

#### Secondary Education

Panchsheel Public School | Delhi

### Skills

#### Front End

React JS , React Native , JavaScript, Flutter, HTML, CSS, Bootstrap, Tailwind CSS

#### Back End

Node JS , Express JS

#### DataBase

MySql, PL/SQL, MongoDB, Oracle SQL

#### Other Skills

Git , Firebase, WordPress, Figma, Graphic Designer.

### Work Experience

#### Programmer Analyst, Cognizant Technology Solution Corporation

October 2022 – present | Noida, India

- Developed robust web applications leveraging the **MERN stack (MongoDB, Express.js, React, Node.js)/React Native**.
- Crafted and maintained **responsive user interfaces (UI)** with **React**, applying **Redux** for state management to enhance user experience.
- Designed and developed **RESTful APIs** optimized for seamless integration, scalability, and security,
- Implemented **Oracle Forms** for streamlined database operations, improving data processing and user interaction.
- Executed **job scheduling** and **process automation** with **AppWorx**, increasing productivity and operational efficiency.
- Executed advanced **PL/SQL** for enhanced database management, significantly boosting operational efficiency in **oneBMS systems**.

#### Programmer Analyst Trainee,

#### Cognizant Technology Solution Corporation

January 2022 – October 2022 | Noida, Delhi

- Developed an e-learning platform with **React Native** as a targeted assignment, focusing on crafting intuitive and universally accessible learning experiences.
- Managed **JIRA** for task tracking and story point updates, enhancing project visibility and team efficiency in **agile** environments.
- Enhanced **version control** practices using **Git** for streamlining code integration and enhancing collaboration across development teams.

#### React Native Intern, AppyHigh Technology

February 2022 – May 2022 | Gurugram, India

- Developed an app in React Native, focusing on **AI-driven**, real-time interactions.
- Made modifications to a **Flutter** mobile application, including UI enhancements, bug fixes, and performance optimizations,

#### Floor Supervisor, Sony India Pvt. Ltd

July 2017 – July 2019 | Delhi, India

- Troubleshoot and debugged camera and PlayStation systems, ensuring optimal functionality.
- Implemented quality control and performance optimizations for electronic products.
- Led retail teams, achieving operational excellence and customer service through technical expertise.

### Projects

#### ChatGPT ChatBot, Technology: React Native

#### TechFest'21 Website, Team based college Project

Technology: MERN Stack

My role is creating frontend and handling team and GitHub.

#### SmartNursesHub, Nursing Website (Wordpress)

#### My Portfolio, Technology : Angular Js

#### Sliet Alumni, College Alumni Website

Technology : Angular Js

#### E-learning App, Technology: React Native
